WHY WORK FOR ACTIVE PHYSIOTHERAPY MACKAY?

We have a proven track record of over 10 years of training new graduate physios by a team of experienced clinicians and lead by our clinical mentor Ginny Erichsen.

We have 3 streams of clinical excellence to chose from – **Musculoskeletal/ Sports, Neurology or Pelvic Floor**, with corresponding case loads and senior mentors. There is a weekly teaching session of a proven curriculum.

WE SUPPORT HIGH CLINICIAN AUTONOMY

How you treat your patients and who you prefer to see!

OUR NEW GRADS ARE WELL SUPPORTED

“Active Physiotherapy is a fantastic place to work. There is a very supportive team culture and there is great diversity in interests that each team member has so there is always someone to bounce ideas off.

As a new grad I also believe Active is a great place to work with their well - structured mentoring program. I am grateful for all the opportunities I have been given at Active to develop as a physiotherapist and will miss working with high level sporting programs like QBL, QRL and Gold Coast Suns junior development.”

- Matt Haswell, Physiotherapist
