MEN HAVE PELVIC FLOOR ISSUES TOO!

Don't put up with symptoms that can be fixed

We will help
YOU learn the

tools to get your
life back!

Scott Schulte and our team of pelvic health physiotherapists have extensive experience and training to help you with:

- Leaking wee (urinary incontinence) or not easily emptying your bladder
- Before and after prostatectomy care
 - Rushing to the toilet (urinary or fecal urgency)
- Erectile dysfunction or premature ejaculation
- Pain in the pelvis, groin and genitals
- Constipation, incomplete emptying, haemorrhoids, excessive wiping.
- Leaking poo or poor wind control
- Any other maintenance issues down there!
